Taal	EN`
ISBN Nummer	978-1-4772-5032-7
RefMan	10042
Trefwoord(en)	digitale wende [2], digitaliseren [3], informatiewijsheid [4], onlife [5], paradigm shift [6]
Samenvatting	The Digital Turn provides a helicopter view of digital media and their impact on our lives. It explains how the ever-growing flood of digital media affects our understanding of the world. The book analyses the world of Twitter, Apple, Facebook and Google and describes how our digitally-enhanced biotope alters our behaviours, social interactions, the economy, and culture as a whole. It explains the mechanisms and consequences of engaging in online spaces and investigates how we can avoid losing grip of our identity, friendship, social engagement, and eventually life at large. The book offers an accessible means for attaining a better understanding of the ways digital media influence our existence. It is a compact guide to becoming media literate and to preparing us for the advanced digital services that are yet to come.
Aantekeningen	Misschien <i>digital turn</i> vertalen in <i>digitale wende</i>
